The Harley-Davidson Street® 500 starts off with an authentic urban attitude, with a narrow, nimble chassis and 500cc of liquid-cooled V-twin power. We’ve taken this Vivid Black model even further down that dark road with a few well-chosen Genuine Motor Accessories. Like eye-catching Cut Back Black Typhoon wheels. Edge Cut controls. A roaring Nightstick slip-on muffler and performance air cleaner. Dark Custom™ medallions. A big, bright 5.75-inch Daymaker™ LED headlamp. And a classic Café Solo seat, to name just a few. In other words, just what you need to get noticed without making a scene.
PERFORMANCE
The Revolution X™ liquid-cooled V-Twin engine delivers authentic Harley-Davidson sound every time you twist the throttle. Add a little extra punch with system-matched Screamin’ Eagle performance parts.

FIT
One size can fit all. The nimble Harley-Davidson Street™ motorcycle is designed to accommodate a wide range of body types. Equipped with a Tallboy™ or Reach™ seat and handlebar, the bike can be tailored to fit almost any rider.

STYLE
The Street™ motorcycle is the perfect blank canvas. Its Dark Custom™ roots let you establish the bike’s personality from day one. Make a sinister statement in black or dress it up in chrome – pick a path that’s right for you.

FUNCTION
Comfort and convenience are the basics of everyday riding. Adding a windshield, a passenger backrest, a luggage rack and a soft luggage bag gets you ready for your daily commute or a weekend away from the rat race.

A. CAFÉ SOLO SEAT
There's something about the placement of the rider that makes the Cafe Solo Seat special. The one-up design and the high back pad hold the rider in place and provide a direct connection to the bike. B. REACH® SEAT
Designed specifically for riders requiring a close to the bar riding position, this Reach® Seat is shaped to place the rider in a comfortable and confident relationship to the hand and foot controls. The Reach Seat features a stepped profile that keeps the rider from sliding back during acceleration.

Designed to move the rider 1.25” up and 2.5” back from the stock seating position, a Tallboy Seat can eliminate the “knees-high” riding position and effectively places the body for a natural arm and leg reach to the controls.

52000124
