These customers embody a philosophy that says "belonging" lies in the eye of the beholder. They want to make their mark but on their own terms, and they never follow the crowd. Rebellious. Independent. Uncompromising. That's the Black Label Customer.

### Men's Slim Fit

The men's fit is Slim to offer a look, feel and fit that is more youthful and trendy. Narrower through the chest. Slimmer through the waist and hem. Slightly shorter in length. The Men's Slim Fit is designed to fit close to the body.

## The Black Label Collection Fall & Holiday 2013

### Women's Collection

The completely re-vamped women's Black Label Collection embodies the free-spirited, daring and strong nature of its intended customer with graphic-driven edgy designs. This new look is chic, sexy and feminine. She knows that freedom doesn't exist within boundaries and refuses to conform even in fashion. She embraces a trend driven aesthetic that reflects a love for fashion, art and rock-n-roll. Confident. Sexy. Spontaneous. That's the all new Women's Black Label Collection.

### The Black Label Customer

The Black Label Collection has a unique aesthetic designed to attract a unique customer. Though they may skew younger, these customers are more than an age group or demographic. These customers embody a philosophy that says "belonging" lies in the eye of the beholder. They want to make their mark but on their own terms, and they never follow the crowd. Rebellious. Independent. Uncompromising. That's the Black Label Customer.

### Women's Black Label Fit

The Women's Black Label Fit takes note from the marketplace with a more trend driven, youthful fit. The Black Label Fit is slightly narrower than the standard fit of the MotorClothes® apparel you might find in the Core or Seasonal Collections. Unlike a slim fit, however, this fit allows each garment's natural silhouette to determine whether the fit is closer to the body or more free flowing while reducing the overall size slightly.
